

TECHNICAL BULLETIN

Overview: As of April 6, 2015, EarthLinked Technologies will be shipping external Thermostatic Expansion Valve (TXV) Kits along with Air Handlers and Cased Coils. We are moving in this direction to increase serviceability in the field and better serve the market.

Installation: For instructions on installing the external TXV Kit, please see the [CCS Series Cased Coils Installation Manual](#) or [AVS Series Air Handlers Installation Manual](#) attached to this bulletin.

Contact: For further assistance, call ETI Technical Service at 1-863-701-0096.
